

Press Releases: The Bureau of Overseas Buildings Operations Announces the Selection of the Design Architect for the New U.S. Consulate General in Chiang Mai, Thailand

Media Note
Office of the Spokesperson

Washington, DC
October 30, 2018

The Department of State announces the selection of Ennead Architects of New York, New York as the design architect for the new U.S. Consulate General project in Chiang Mai, Thailand.

The multi-building complex will be situated on an approximately seven acre site in the New Business Park area of Chiang Mai and will provide a safe, secure, and modern facility platform for the Consulate community and those it serves.

Since 1999, as part of the Department's Capital Security Construction Program, the Bureau of Overseas Buildings Operations (OBO) has completed 149 new diplomatic facilities, with an additional 53 projects now in design or under construction.

OBO's mission is to provide safe, secure, and functional facilities that represent the U.S. government to the host nation and support staff in the achievement of U.S. foreign policy objectives. These facilities represent American values and the best in American architecture, engineering, technology, sustainability, art, culture, construction execution, and resiliency.

For further information please contact Christine Foushee at FousheeCT@state.gov, or visit www.state.gov/obo.

Press Releases: The Bureau of Overseas Buildings Operations Announces the Construction Award for the New U.S. Consulate General in Guadalajara, Mexico

Media Note
Office of the Spokesperson

Washington, DC
October 30, 2018

The Department of State has awarded the construction contract for the new U.S. Consulate General project in Guadalajara, Mexico to B.L. Harbert International of Birmingham, Alabama.

This complex will provide a safe, secure, and modern facility platform for the Consulate community and those it serves. Miller Hull Partnership, LLP of Seattle, Washington is the design architect for the project and Page of Washington, D.C. is the architect of record.

Since 1999, as part of the Department's Capital Security Construction Program, the Bureau of Overseas Buildings Operations (OBO) has completed 149 new diplomatic facilities and has an additional 53 projects in design or under construction.

OBO's mission is to provide safe, secure, and functional facilities that represent the U.S. government to host nations and support our staff in achieving U.S. foreign policy objectives. These facilities represent U.S. values and the best in U.S. architecture, engineering, technology, sustainability, art, culture, construction execution, and resiliency.

[Press Releases: U.S. Commitments at Our Ocean 2018](#)

Media Note
Office of the Spokesperson

Washington, DC
October 30, 2018

At the Our Ocean 2018 conference in Bali, Indonesia, the United States announced 15 commitments to strengthen sustainable management of marine resources; prevent plastic and other debris from entering the ocean; support research and observation of ocean ecosystems; and foster partnerships promoting maritime security and a sustainable blue economy. The commitments represent a whole-of-government approach, with contributions from the U.S. Agency for International Development (USAID), the National Maritime Intelligence-Integration Office (NMIO), the National Oceanic and Atmospheric Administration (NOAA), the Smithsonian Institute, and the U.S. Department of State. For a description of these commitments, visit <https://www.state.gov/e/oes/rls/other/2018/286990.htm>.

For more details about this year's conference, visit ourocean2018.org. For

press inquiries, please contact OES-PA-DG@state.gov.
