Press Statement  
Mike Pompeo

Secretary of State

Washington, DC  
June 4, 2018

---

On behalf of the Government of the United States of America, I offer congratulations on your Constitution Day on June 5th.

Our countries have maintained diplomatic relations since 1801, and our friendship is robust and deeply rooted in our shared values. In the Arctic, championing human rights, promoting stability, strengthening civil society, and expanding trade and investment, Denmark has been a true and faithful partner. American ties to the Kingdom stretch from Greenland, where American scientists conduct research, to the Faroe Islands where we work together on economic diversification, and to Denmark itself. We value this important relationship and our mutual goals for peace and security so evident in our NATO Alliance.

As you celebrate democracy and the importance of civic responsibility, know that your American partners share those same ideals and wish you happiness in the years to come.

## Press Releases: 29th Anniversary of Tiananmen Square

Press Statement

Mike Pompeo

Secretary of State

Washington, DC

June 3, 2018

---

On the 29th anniversary of the violent suppression of peaceful demonstrations in and around Tiananmen Square on June 4, 1989, we remember the tragic loss of innocent lives.

As Liu Xiaobo wrote in his 2010 Nobel Peace Prize speech, delivered in absentia, "the ghosts of June 4th have not yet been laid to rest."

We join others in the international community in urging the Chinese government to make a full public accounting of those killed, detained or missing; to release those who have been jailed for striving to keep the memory of Tiananmen Square alive; and to end the continued harassment of demonstration participants and their families.

The United States views the protection of human rights as a fundamental duty of all countries, and we urge the Chinese government to respect the universal rights and fundamental freedoms of all citizens.
