

# Press Releases: 11th Anniversary of the Murder of Anna Politkovskaya

Press Statement  
Heather Nauert

Department Spokesperson

Washington, DC  
October 6, 2017

---

Eleven years ago renowned journalist Anna Politkovskaya was shot and killed in her Moscow apartment building. We continue to urge Russian authorities to identify and prosecute the person or persons who ordered, planned, and funded this terrible crime.

Ms. Politkovskaya's reporting brought to light the violation of human rights in Russia and the suffering of victims of the war in the North Caucasus region. Recent reports of abuses against LGBTI persons and extrajudicial killings in Chechnya leave us deeply concerned that human rights violations are still regularly committed with impunity in this region.

The unsolved murders of Ms. Politkovskaya – a dual U.S.-Russian citizen – and other journalists in Russia, as well as threats against journalists exposing more recent abuses in Chechnya, have only worsened an atmosphere of intimidation for the independent press.

# Press Releases: The Bureau of Overseas Buildings Operations Announces the Construction Award for the New U.S. Embassy in Mexico City, Mexico

Media Note  
Office of the Spokesperson

Washington, DC  
October 6, 2017

---

The Department of State has awarded the construction contract for the new U.S. Embassy in Mexico City, Mexico to Caddell Construction Company of Montgomery, Alabama.

The new campus will include a Chancery, Marine residence, and support facilities.

The architect for the project is the joint venture of Tod Williams Billie Tsien Architects/Davis Brody Bond of New York, New York.

Since 1999, as part of the Department's Capital Security Construction Program, the Bureau of Overseas Buildings Operations (OBO) has completed 138 new diplomatic facilities, with an additional 61 projects now in design or under construction.

OBO's mission is to provide safe, secure, and functional facilities that represent the U.S. government to host nations and support our staff in the achievement of U.S. foreign policy objectives. These facilities represent American values and the best in American architecture, engineering, technology, sustainability, art, culture, and construction execution.

## **Press Releases: International Partnership for Nuclear Disarmament Verification (IPNDV) Side Event at United Nations First Committee**

Media Note  
Office of the Spokesperson

Washington, DC  
October 6, 2017

---

Acting Assistant Secretary of State for Arms Control, Verification and Compliance Anita Friedt hosted an event updating the UN First Committee on the work of the International Partnership for Nuclear Disarmament Verification (IPNDV). The event included speakers from Argentina, Japan, Sweden, the United Kingdom, and the Nuclear Threat Initiative (NTI), a U.S. non-profit. Participants discussed the conclusion of Phase One of the Partnership's work, which has focused on building international capacity and deepening technical understanding related to verifying nuclear disarmament. The panel highlighted the importance of the upcoming plenary in Buenos Aires, Argentina, which will mark the end of Phase One, the release of publications documenting the Partnership's accomplishments to date, and the launch of the next phase of the Partnership's work in identifying and addressing verification challenges. This technical work is an integral part of further, concrete steps on nuclear disarmament.

## **Press Releases: The Bureau of Overseas Buildings Operations Announces the Construction Award for the New U.S. Embassy Annex in Kampala, Uganda**

Media Note

Washington, DC  
October 6, 2017

---

The Department of State has awarded the construction contract for the new U.S. Embassy Annex in Kampala, Uganda to Pernix Group Inc. of Lombard, Illinois.

The project will provide additional office and parking space for embassy operations. The design architect for the project is BNIM of Kansas City, Missouri.

Since 1999, as part of the Department's Capital Security Construction Program, the Bureau of Overseas Buildings Operations (OBO) has completed 138 new diplomatic facilities, with an additional 61 projects now in design or under construction.

OBO's mission is to provide safe, secure, and functional facilities that represent the U.S. government to host nations and support our staff in the achievement of U.S. foreign policy objectives. These facilities represent American values and the best in American architecture, engineering, technology, sustainability, art, culture, and construction execution.
