

Update on measles cases

The Centre for Health Protection of the Department of Health (DH) said today (May 3) that no additional case of measles infection had been recorded as at 4pm today.

Regarding measles control measures implemented at Hong Kong International Airport (HKIA), a total of six persons had received measles vaccination at the airport vaccination station as at 6pm today, bringing the cumulative number of vaccinations given to 8 349.

From tomorrow (May 4) to May 17 (excluding Sundays and public holidays), measles vaccination will be provided to airport staff who:

- (1) Were born in or after 1967, and have not received two doses of measles vaccination, and have not been infected with measles before; or
- (2) Have laboratory evidence of testing not positive against measles antibody (IgG).

The vaccination quota for the measles vaccination station at the airport remains at 600 doses daily. The venue and operation hours of the airport vaccination station are as follows:

Venue:	Multi-function Room, HKIA Tower (Level 5, Terminal 2)
Hours:	May 3 to 17 (excluding Sundays and public holidays) 10am to 1pm 2pm to 6pm

As for the blood test service, the DH will continue to provide the measles serology test service to about 200 airport staff who were born in or after 1967 on May 7. The pilot service at the blood test station to provide measles serology testing for a total of about 200 Filipino foreign domestic helpers who are coming to or returning to work in Hong Kong will also be continued on May 7.

The venue and operation hours of the airport blood test station are as follows:

Venue:	South side before the Immigration Hall at Level 3 of Terminal 2 (non-restricted area)
Hours:	May 7 9am to 1pm

A hotline (2125 1122) has been set up for public enquiries and operates during office hours from Mondays to Fridays. A total of 3 336 enquiries have been received so far.
