[Vacancy: Inspector of Air Accidents (Recorded Data)](#)

Are you passionate about aircraft accident investigation and looking for a high profile role at the leading edge of aviation safety?

Aircraft accident investigation has never been more demanding and the AAIB remains one of the leading air safety investigation authorities in the world.

The purpose of this role is to investigate all recorded data aspects of aircraft accidents and serious incidents involving civil aircraft operating in the UK, its overseas territories and Crown Dependencies, and to assist those in other countries when there is a significant UK interest.

Further information including how to apply can be found on the [Civil Service Jobs website](#).
