The Joint Office for investigation of reports on water seepage in buildings set up by the Food and Environmental Hygiene Department and the Buildings Department today (April 21) announced that the Water Seepage Resource Centre will come into full operation on April 25 (Monday).

The Water Seepage Resource Centre, situated at 4/F, Pei Ho Street Municipal Services Building, 333 Ki Lung Street, Sham Shui Po, Kowloon, provides general information and reference material related to water seepage in the form of videos, photographs and leaflets to the industry and members of the public. The operating hours are from 9am to 1pm and from 2pm to 5.45pm on work days from Monday to Friday.

The opening of the centre will complement the existing channel, namely the thematic webpage at www.waterseepage.gov.hk, for members of the public to obtain relevant information. They may also contact the Customer Service Team at 2729 1454 for enquiries about water seepage matters.
