

Webinar on ESMA's report on trends, risks and vulnerabilities no.2 2020

The Report analyses the impact of COVID-19 on financial markets during the first half of 2020 and highlights the risk of a potential decoupling of financial market performance and underlying economic activity, which raises the question of the sustainability of the current market rebound.

□During the webinar you will see a presentation of the report and its findings. The presentation will be followed by a Q&A session.
