

What does the Government Science & Engineering (GSE) Profession offer everyone?

News story

A summary of the tools and courses developed by GSE Profession to build science confidence and capability.

Our Profession wants to help everyone embed science and engineering in government decision making and increase the capability of scientists and engineers across government.

To support all our government colleagues, regardless of their background, we have developed products to:

- showcase the value of science and engineering across government
- provide everyone in government with access to science and engineering expertise
- upskill all of government on introductory science and engineering techniques

Our products

To showcase the value of government science and engineering, we have designed:

To help provide all of government access to high quality science and engineering expertise, we have created:

- an [expertise directory](#) to ensure that those in government can incorporate science and engineering in everything they do

To fulfil the government aim of increasing science and engineering literacy across government, we have created:

- a series of [introductory learning](#) collated by the GSE profession that provides a grounding in science and engineering techniques

Accessing our products

To access most of our products, you will need to sign up to our Knowledge Hub page using your government email address. You can do this by following 3 simple steps:

1. Visit <https://khub.net/sign-up> and follow the steps to create an account with your .gov.uk email address.
2. Once created visit <https://khub.net/group/gse-profession> or search GSE Profession in the search bar. You will need to request to gain access to the page.
3. Once you have been accepted, a GSE icon will appear on your home page under 'Your Groups'. Click on the icon to access the GSE Knowledge Hub page.
