Answer:

Edward Argar:

Total projected funding for the Nightingale hospital programme was ring-fenced at £466 million. National Health Service providers are currently auditing the accounts for 2020/21 and the final spending outturn will be published in due course.

NHS England and NHS Improvement advise that regions were responsible for co-ordinating the redistribution of assets including beds and medical equipment from the Nightingale hospitals. Each host trust is responsible for managing a list of these assets. The remaining surplus stock has been collected and made available for national redistribution under the existing warehousing, asset tracking and logistics contracts.
